

Important Information

1. The Poster Presenters are hereby informed that acceptance of Posters on spot or at the venue will not be entertained hence it is requested to submit your Posters beforehand latest by **10th January 2018**.

An electronic poster (E-Poster) is a poster in PowerPoint format, allowing the inclusion of movies, and other multi-media formats, and presenters are encouraged to take advantage of the versatility of this medium. All multi-media E-posters will be presented at numbered 42" LCD TV monitors (placed in landscape position) in the main poster display area.

Please take your poster number from the scientific program uploaded on the USI Website. The scientific program is also attached with this mail.

All computers in the poster area are exactly the same and come standard with:

- Windows 7 Ultimate 64bit
- Microsoft PowerPoint (Office 2010 or 2016)

A note to Apple Macintosh users:

- The PowerPoint file must have the .ppt or .pptx suffix to be accepted.

Instructions for creating your electronic poster:

When creating your PowerPoint electronic poster, the preferred Font is **Verdana** at a 28 point font size MINIMUM. You could also include Tahoma, Helvetica, or Trebuchet MS fonts all at a 28 point MINIMUM font size. We recommend you submit the poster as a PowerPoint file rather than a PDF or jpg. The posters need to be **16:9 ratio formats**. Please follow instructions carefully. These instructions are to make the Power Point presentations ready for presentation. There will be NO audio on these presentations.

Your E-Poster file (full version) must be sent to **51st USICON 2018** at scientific.usicon2018@gmail.com latest by **10th January 2018** to assure availability at the computer stations at the meeting. Once the deadline has passed it will not be possible to submit your electronic poster. If you have questions, concerns or if you are unable to provide the file in the format requested please let us know as soon as possible. PLEASE do not change the size of the e-poster template, as it is sized and designed to fit the presentations screens.

SUBMISSION

The aim of the electronic poster is to display your work in a concise form, enabling conference attendees to grasp the essentials of the subject in a reasonable time frame.

Brevity and clarity are the essence of a good electronic poster. Relevant images can be added to illustrate where appropriate; please ensure that any graphics used are of a good standard.

High quality images or illustrations are valuable methods for conveying information. It is important to ensure correct placement of the images relative to the text to enable smooth reading of the poster.

Electronic presentations, as with all presentations at **51st USICON 2018** should be non-commercial and non-promotional in nature.
